Article 2 : The price

a. Breeding fee

The fee for one dose is 700 Canadian dollars (CAD) and the preparation and handling fee for shipping is 62 CAD.

b. Transport costs

The owner of the mare is responsible for the cost of shipping the semen. Shipping will be done through Fed Ex or Purolator Express at the purchaser's choice. The purchaser may advance the shipping charges to the seller by electronic transfer. Rental of a container to ship the semen is available at a cost of 115 CAD. It is the purchaser's responsibility to return the container as soon as possible to the Centre Hospitalier Universitaire Vétérinaire de la Faculté de Médecine Vétérinaire de Saint-Hyacinthe.

c. Method of payment

Each payment must be received in full before any semen is shipped. Payment is portable and can be made by electronic transfer to the email address Elevage.Carlchen57@gmail.com. For e-transfer, the answer to the security question will be "Carlchen".

d. GST/QST Exemptions

Since the seller is a "Small Supplier" as defined by Revenu Québec, the transaction that is the subject of this contract is not subject to the payment of GST and QST. In the case of a sale outside Quebec, the purchaser shall assume all administrative obligations and the payment of any taxes or customs duties related to his situation.

Article 3 : Execution of the service

Semen shipments are made from Monday to Thursday, excluding holidays.

Article 4 : Responsibilities

The Purchaser bears all risks of loss or damage to the mare, whether by death, illness, injury, infection or otherwise, and by any cause whatsoever, including improper, unwanted or negligent insemination or insemination failure and, therefore, releases the seller from any damages associated therewith. The seller is in no way responsible for any disturbances related to the transport (loss of the package, damaged package, loss of viability of the semen, customs, ...). An insurance is strongly recommended. Insemination must be carried out by an approved veterinarian on the day of delivery otherwise the live foal guarantee and contractual obligations will not apply. In this regard, a breeding tracking sheet will be sent to the mare's owner in the semen-shipping box. The "Insemination" section must be completed and signed by the veterinarian and returned to the seller by email.

Article 5: Pregnancy checks

The Purchaser agrees to submit confirmation of the mare's pregnancy.

- Between fourteen (14) and eighteen (18) days post ovulation
- Between thirty (30) and thirty-five (35) days post ovulation

The seller recommends confirmation of the mare's pregnancy between fifty (50) and sixty (60) days post ovulation.

Article 6 : Breeding certificate

A breeding certificate will be issued upon request (need the first and last insemination date and location), and sent to the Purchaser at the foal's birth. The Purchaser is responsible for carrying out the necessary procedures for the registration of his foal, and for paying the registration fees
